Across England, the vacancy rate has decreased compared to last year and the number of filled posts has increased. During this period international recruitment increased substantially

Qualifications, training and skills

We believe that everyone working in adult social care should be able to take part in learning and development so that they can carry out their roles effectively. Learning and development helps everyone to develop the right skills and knowledge to enable them to provide high-quality care and support.

Skills for Care estimates show that 62% of the direct care providing workforce in Middlesbrough hold a *relevant* adult social care qualification (56% in North East and 46% in England).

Raw data from the ASC-WDS showed, of those workers without a relevant adult social care qualification recorded, 40% had five or more years of experience in the adult social care sector, 30% had engaged with the Care Certificate and 70% had completed training.

Factors affecting turnover

Together with a data science specialist, we used ASC-WDS information to create machine
